Dear Hanover Area School District Community,

I hope everyone is enjoying their summer. My name is Nathan Barrett and it is my great privilege to serve you as Superintendent of Schools. I am very motivated to begin my work with our faculty and staff. Most importantly, I am extremely passionate to begin my work for your children.

Nearly two decades in education has availed me of vast knowledge of student performance and achievement. Educating students from kindergarten through secondary levels has offered me a wealth of information and experience that I will bring to the district. Serving on Mental Health & Suicide Awareness board of directors and Social Service agencies has brought a keen sense of the impact that a healthy mind brings to education. All of my educational efforts reached the state level when Governor Tom Wolf appointed me to the Pennsylvania Board of Education in 2016. This experience will help implement my multi-year academic plan, which includes targeted instruction based on analytical data. Changing demographics requires both financial and academic strategic planning. That precise plan is already developed for implementation and will be presented to members of the community prior to the start of the 2019-20 school year.

In addition, my plan includes our school district's community infusion. In order to provide EVERY student with an education for tomorrow, we must provide career pathways, college and career readiness, and innovation. Partnering with local businesses, colleges and universities will expose our students to opportunities that exist locally.

Finally, in order to create a sense of community and pride within our district, I feel it is very important for taxpayers, parents and community members to sustain a sense of belonging. Our district now has social media forums to keep families fully knowledgeable of the happenings within our district. Find Hanover Area School District on Facebook, Twitter, and Instagram!

I look forward to working with you all! Sincerely,

Nathan C. Barrett
